

## Living a Christ-Centered Life

### LESSON 42: Christ-centered Christians work with God (2)

In Acts 18 Paul is still on his second mission trip. We are continuing to see God at work in Paul's mission. Paul and his partners are working - but God is making things happen and helping them complete their mission. This is simply more proof that God works in our lives.

Questions to consider:

1. How does God work to keep a Christian encouraged no matter what happens in their life?
2. What would happen if you prayed for God to send you people to teach? Does God make it happen or just open your eyes to opportunities?

3. God works to correct and better inform seekers. (Acts 18:24-26 & 19:1-7)
4. God should receive the glory for what he does in the spread of the gospel. (Acts 19:11-12)
